

Mosaic Transit Constructor (Mosaic)- a consortium comprised of Aecon, Dragados, and Dufferin- is partnering with Metrolinx and Infrastructure Ontario to design, build and maintain the transformative Finch West Light Rail Transit (LRT) system in the City of Toronto.

Position: LRV Operator

Reports to: Operations and Maintenance Manager

Role Location: Toronto, ON

Summary of Position:

- Reporting to the Operations and Maintenance Manger, the LRV Operator will operate the LRV along completed section of track – in both manual and CBTC guided modes. This operation can range from burn in running to performing various test scenarios.

Responsibilities

- Input into Standard Operating Procedures (SOP)
- Input into determining ride quality, discovery of issues (track or LRV related) and feedback to necessary maintenance personnel
- As senior LRV operator some on-the-job training of more junior operators may be necessary including review and enforcement of various Safety and Operations protocols

Requirements

- 10+ years in a comparable position, operating streetcars or LRV along a semi-exclusive guideway
- Full familiarity with various Standard Operating Procedures including understanding of why various constraints and restrictions are applied
- Knowledge and physical ability to manually operate a rail switch
- Strong communication skills, both verbal and written
- Understanding of CBTC in its operation of LRV would be a strong asset
-

Working Conditions/Physical Effort

- Ability to perform in a fast-paced environment.
- Prolonged sedentary positioning.
- Moderate physical activities.

We offer a competitive compensation and benefits package in a fast-paced work environment. We are looking for innovative, forward-thinking people who enjoy challenges and want to work on a leading-edge infrastructure projects.

We thank all applicants for their interest, however, only those selected for further consideration will be contacted.
