

Notice of Bridge Deck Replacement

Canadian Navigable Waters Act
Accommodate installation of Track Work
for the Finch West LRT Project

Mosaic Transit Group – Marius Goga, hereby gives notice that a submission has been added to the Common Project Search (online registry) pursuant to the Canadian Navigable Waters Act described herein and its description.

Pursuant to paragraph 4.1 and 9.1 of the said Act, Mosaic Transport Group has deposited with the Minister of Transport, on the on-line Common Project Search Registry (<http://cps.-canada.ca/>) and under registry number 3425, a description of the following work:

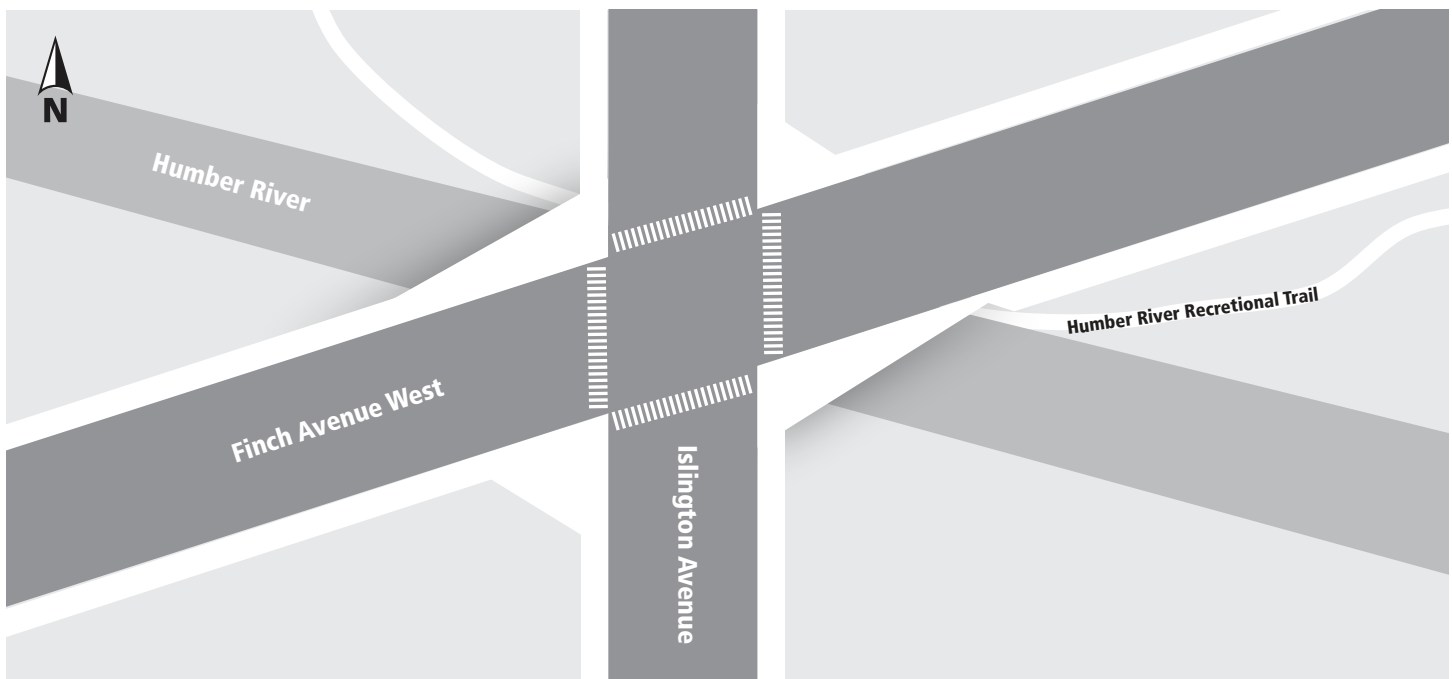

Bridge deck replacement is to accommodate the installation of the trackwork needed to carry the upcoming passenger trains. Work platform to be installed between the existing girders to prevent material from falling into the water. Decking will be cut out and removed in sections. Areas to be cleaned up prior to installation of new concrete deck sections

with installation of rails to follow. No works in or near the waterway and no visible structures to be below the bottom of the existing bridge girders.

Over the Humber River located at the intersection of Finch Avenue West and Islington Avenue.
